The Faculty of Natural Sciences invites applications for a

Tenure Track University Professorship (Salary Scale W2 NBesO leading to a W2) in Cell based Drug Development

to start at the next possible date. The initial appointment will be for 5 years. After positive evaluation the candidate will receive a tenured professorship on the salary scale W2.

The job announcement is part of the Bund-Länder-Programm zur Förderung des wissenschaftlichen Nachwuchses (federal and state program for the promotion of early-career scientists). It aims at reserarchers at an early career stage with an outstanding potential for a successful career in science.

We are looking for an expert in the area of translational medicine, with a proven track record on biomarker research, preclinical profiling and ideally also clinical development of drug candidates. Utilization of imaging techniques and innovative methods employing primary cells are of particular interest. Active participation in drug discovery initiatives of Leibniz Universität, as well as in associated activities of Hannover Medical School and German Research Center for Environmental Health (Helmholtz Zentrum München), is expected.

Conditions of appointment are in accordance with the Higher Education Act of Lower Saxony (Niedersächsisches Hochschulgesetz – NHG). Details will be explained on request.

Part time employment can be arranged on request.

As an equal opportunities employer, Leibniz Universität Hannover has set itself the strategic aim of significantly increasing the proportion of women. Female scientists are therefore particularly encouraged to apply. Equally qualified candidates with disabilities will be given preference. Applications from abroad are especially welcome.

In its mission statement, Leibniz Universität Hannover attaches great importance to the international orientation of teaching and research. At the same time, it places major value on the intensive guidance and support of its students and on the university's close ties to the region and to Lower Saxony. Its professors are thus expected to take up residence in the Region of Hannover.

Further information is available from Prof. Dr. Oliver Plettenburg (Phone: +49 (0) 511 762-4615, Email: oliver.plettenburg@oci.uni-hannover.de).

Please submit your full application until 29th of March 2019 via the Appointment Portal of the Leibniz Universität Hannover at: https://berufungen.uni-hannover.de
