The Faculty of Natural Sciences invites applications for a

**University Professorship (m/f/d) of Salary Scale W2 NBesO in Cellular Microbiology**

starting as soon as possible.

The applicant should be an internationally recognized researcher in the field of functional structuring and cellular organization of microorganisms. The holder of the position should be willing to cooperate with other research groups at the Faculty of Natural Sciences at the Leibniz University Hannover and with other universities of Hannover, especially the Hannover Medical School (MHH), in the field of microbial drugs with relevance for human health. The duties of the professorship include teaching in established bachelor and master programs. It is expected that the future holder of the position will hold selected courses in English.

General responsibilities and conditions of appointment apply, in accordance with the Lower Saxony Higher Education Act (Niedersächsisches Hochschulgesetz - NHG).

Part-time employment can be arranged upon request.

As an equal opportunities employer, Leibniz University Hannover has set itself the strategic aim of significantly increasing the proportion of women. Female scientists are therefore particularly encouraged to apply. Applications from abroad are especially welcome. Preference will be given to equally qualified candidates with disabilities.

In its mission statement, Leibniz University Hannover attaches great importance to the international orientation of teaching and research. At the same time, it places significant value on the intensive guidance and support of its students and on the university's close ties to the region and to Lower Saxony. Its professors are thus expected to be based in the Hannover Region. Successful candidates who have reached the age of fifty by the time of appointment and who do not already have civil servant status will generally be given an employment contract.

Further information is available from the Head of the Search Committee, Prof. Dr. Thomas Brüser (Phone: (0)511 762-5945; Email: brueser@ifmb.uni-hannover.de).

Please submit your full application until May 3rd, 2019 via the Appointment Portal of the Leibniz Universität Hannover at: [https://berufungen.uni-hannover.de](https://berufungen.uni-hannover.de)
