The Faculty of Natural Sciences invites applications for a

University Professorship (m/f/d) of Salary Scale W3 NBesO in Innovation–Research, Technology–Management and Entrepreneurship (ITE)

starting as soon as possible.

The candidate should represent in research and teaching the topic of technology driven innovation which provides sustainable solutions for existing and coming societal challenges. The research and teaching focus should be on the linkage of different high-tech and key technologies with corporate implementation and innovation research. Based on the own research activities the interaction with other institutes of the LUH/MHH, as well as with industry, should be promoted in the sense of open innovation. Experiences at the interface of politics, innovations and research promotion as well as economics and entrepreneurship are a prerequisite. Additionally supervisory board experiences in context of research and socially relevant commitment (charitable or promotional political) are wanted. It is expected that the future holder of the position will hold selected courses in English.

General responsibilities and conditions of appointment apply, in accordance with the Lower Saxony Higher Education Act (Niedersächsisches Hochschulgesetz - NHG).

Part-time employment can be arranged upon request.

As an equal opportunities employer, Leibniz University Hannover has set itself the strategic aim of significantly increasing the proportion of women. Female scientists are therefore particularly encouraged to apply. Applications from abroad are especially welcome. Preference will be given to equally qualified candidates with disabilities.

In its mission statement, Leibniz University Hannover attaches great importance to the international orientation of teaching and research. At the same time, it places significant value on the intensive guidance and support of its students and on the university's close ties to the region and to Lower Saxony. Its professors are thus expected to be based in the Hannover Region.

Successful candidates who have reached the age of fifty by the time of appointment and who do not already have civil servant status will generally be given an employment contract.

For further information please contact Prof. Dr. Thomas Scheper (Tel.: 0511 762-2509, Email: scheper@iftc.uni-hannover.de).

Please submit your full application until March 22nd, 2019 via the Appointment Portal of the Leibniz Universität Hannover at: https://berufungen.uni-hannover.de
