

Global thinking,  
interdisciplinary research:  
the spirit of Leibniz!

We strive for universality, diversity and interdisciplinarity. With more than 30,000 students, three Clusters of Excellence, 5,000 members of staff, over 150 institutes and an outstanding infrastructure, Leibniz University Hannover offers an innovative environment for top-level education and research in a comprehensive range of subjects.

**The Faculty of Natural Sciences invites applications for the following position of Salary Scale W3 NBes0 starting as soon as possible:**

## University Professorship (m/f/d) in Biotechnology of Natural Products / Food Biotechnology

### The Position

The future position holder should represent the subject "Biotechnology of Natural Products, Food and Natural Products Chemistry" in research and teaching. The research focus should be in the field of biotechnologically oriented natural products and food chemistry with a focus on chemical-molecular topics. The research concept shall strategically complement and strengthen the research of the Faculty of Natural Sciences, in particular of the Chemical Institutes in the field of biotechnology of natural products, food development, bioprocess technology and technical chemistry and in particular an active and natural research at the Hannover location. Active participation in the Leibniz Research Center of Biomolecular Drug Research (BMWZ) is expected. The professorship will assume teaching responsibilities in the Bachelor and Master programs in Chemistry and Life Sciences as well as the Master programs in Molecular Microbiology and Food Research and Development.

The successful candidate will be expected to hold selected courses in English.

## What we can offer you

LUH offers **excellent working conditions** in a vibrant scientific community combined with an **exceptional standard of living** in a modern city surrounded by nature. In addition, LUH provides numerous **opportunities for further education and training** as well as many [services to support families](#). The [Dual Career Service](#) at LUH is aimed at the partners of newly-appointed professors and provides support with career perspectives in Hannover and the surrounding region. As a central point of contact for international researchers, the [Welcome Centre](#) provides information on non-academic queries concerning your stay in Hannover.

General duties and employment requirements are specified in the Lower Saxony Higher Education Act (NHG). For detailed information on employment requirements, please contact the [Appointment Matters department](#).

Leibniz University Hannover promotes equal opportunities, diversity and a balance between work and family life ([Equal Opportunities Office](#)). For this reason, **female researchers** are particularly encouraged to apply. Furthermore, we welcome applications from **international researchers**. Preference will be given to equally-qualified **applicants with disabilities** ([Representative for employees with disabilities](#)). Upon request, part-time employment is possible.

Candidates aged 50 or over at the intended time of appointment who do not already have civil servant status in Germany will be employed as regular members of staff.

For further information, please contact **Professor Markus Kalesse** (Phone: +49 (0) 511 762-4688, Email: [markus.kalesse@oci.uni-hannover.de](mailto:markus.kalesse@oci.uni-hannover.de)).

Please submit your application with supporting documents **by March 3, 2022** via the appointment portal of Leibniz University Hannover at:
