The Faculty of Natural Science invites applications for a

**University Professorship (Salary Scale W 3 NBesO) in Inorganic Molecular and Materials Chemistry**

starting as soon as possible.

The successful candidate shall represent the subject “Inorganic Chemistry” in research and teaching. The research focus should lie in a topical area of Molecular Inorganic Chemistry related to Materials Chemistry (preferentially materials for biomedical research and technology or for optical applications). The research concept should strategically supplement the current research at the Chemistry institutes. The active participation in the Leibniz Research Centers of the University is expected. The professorship is engaged in the teaching responsibilities of the Institute, offering Chemistry education as a major and as a minor field of study, among others in the B.Sc. and M.Sc. programmes in Chemistry. Courses are currently given mainly in German. Thus, profound German language skills are required.

Conditions of appointment are in accordance with § 25, Niedersachsen Higher Education Act (NHG).

Part-time employment can be arranged on request.

As an equal opportunities employer, Leibniz Universität Hannover has set itself the strategic aim of significantly increasing the proportion of women. Female scientists are therefore particularly encouraged to apply. Applications from abroad are especially welcome. Equally qualified candidates with disabilities will be given preference.

In its mission statement, Leibniz Universität Hannover attaches great importance to the international orientation of teaching and research. At the same time, it places major value on the intensive guidance and support of its students and on the university’s close ties to the region and to Niedersachsen. Its professors are thus expected to take up residence in the Region of Hannover. Successful candidates who have reached the age of fifty by the time of appointment and who do not already have civil servant status will be given an employment contract.

Further information is available from Prof. Dr. Peter Behrens, Tel. +49 511 762-3660.

Please submit your full application until 11th of May 2018 via the Appointment Portal of the Leibniz Universität Hannover at [https://berufungen.uni-hannover.de](https://berufungen.uni-hannover.de).
